

SIZE DOES MATTER!

Now you can link ALL your poker derivatives together to a single mega jackpot!

Link all your favorite games such as Three Card Poker, Let it Ride, Ultimate Texas Hold'em, Texas Hold'em Bonus, Four Card poker, Mississippi Stud, Crazy 4 Poker, Caribbean Stud and many more!

How to Play

The 5 Card Hand Bonus payable featuring the G3™ enables your casino to link an unlimited amount of your poker derivatives. The more tables you link, the faster the jackpot grows! Players have the option to participate in an exciting Five Card hand side wager based on the outcome of their own hand and even on the Dealer's hand. The basics of the game do not change as the underlying games are played as per their usual respective rules.

DEQ's innovation and ingenuity has been to replace the single dollar coin slots and coin sensors with its internationally award winning G3™. The G3 has been hailed as a more reliable and profitable technology that has no betting cap. The G3 technology incorporates multiple credit betting, dealer hand betting and mystery bonusing. These important accretive revenue driving features will generate more revenue for your casino than the \$1 chip legacy technology ever could.

Mystery Prize Bonusing

High hit frequency prizes are the key to keeping players at the table. By awarding them with small prizes at an accelerated rate (this improved pay table will award one prize every twenty hands or so) their perception of winning will stay high thus encouraging longer play. The G3 offers three such prizes called **Magic Card**, **Lucky Player** and **Lucky Dealer**. These are all randomly drawn prizes sure to be crowd pleasers:

LUCKY PLAYER™ MYSTERY PRIZE

If the Lucky Player prize appears on the table display and you are seated at the randomly selected player position and you have placed a Player's hand side wager, you WIN!

MAGIC CARD™ MYSTERY PRIZE

A Magic Card will randomly appear on the table display. If the Magic Card is in your hand and you have placed a Player's hand side wager, you WIN! If the Magic Card is in the Dealer's hand and you've placed a Dealer's hand side wager, you WIN! Notification of a winning Magic Card prize is the player's responsibility.

LUCKY DEALER™ MYSTERY PRIZE

If the Lucky Dealer prize appears on the table display and you have placed a Dealer's hand side wager, you WIN!
